

# CRISIS MANAGEMENT

**Management of complex crises, public investigations, and various critical scenarios**

The Crisis Management practice has a multidisciplinary team prepared to advise clients from a wide range of sectors on complex crises arising from catastrophic and environmental events, investigations by public authorities, cyberattacks, economic problems, litigation, or bankruptcy incidents, among others.

Additionally, we have a physical structure prepared to serve as a crisis committee base for clients, fostering an environment for prompt response and support in strategic decision-making, helping to divide those responsible for the crisis and business continuity.
